CHRONIC EDEMA AND LYMPHEDEMA: A growing problem in Canada

A bilingual conference co-hosted by the **Canadian Lymphedema Framework** and the **Lymphedema Association of Québec** in collaboration with the **McGill University Health Centre** and **Concordia University**.

This collaborative event will bring together a national and international audience to strengthen the discussion of lymphedema care in Canada. Healthcare professionals, researchers, patients, and community leaders will gather in Montreal to learn from experts in lymphedema research, diagnosis, treatment and self-care.

We invite you to come and learn from our extensive roster of invited speakers and workshop leaders: **Dr. David Keast**, **Prof. Robert Kilgour**, **Marie-Eve Letellier**, **Dr. Catherine McCuaig**, **Prof. Margie McNeely**, **Dr. Nadia Paquette**, **Prof. Sheila Ridner**, **Dorit Tidhar**, **Dr. Anna Towers** and more!

KEYNOTE SPEAKERS

- **Dr. Tobias Bertsch** (Germany) *Obesity and lymphedema*
- **Prof. Christine Moffatt** (England) *Prevalence*
- **Dr. Alex Munnoch** (Scotland) *Surgical options*
- **Dr. Isabelle Quéré** (France) *Pediatric lymphedema*

SPECIAL FEATURES

- 3.5 hour pediatric lymphedema interactive workshop
- Full day community nurses training module
